Welcome

Beadology specialises in high quality beading craft kits to inspire crafters of all ages. Our range of beaded flower kits and bead embroidery kits are very popular and offer something a little different for craft and hobby shops.

Beadology started in 2006, offering kits worldwide and in-person workshops locally in Cumbria, UK. Shops across the UK, America and Canada now stock the kits with a high re-order rate.

Every kit includes all the materials and detailed step by step instructions for the customer to make their chosen project, all presented in beautiful packaging designed to catch the eye of the shopper.

Customer satisfaction is our highest priority and we endeavour to answer any queries as soon as they come in. We are happy to work on collaborative projects and design bespoke kits too.

About the Kits

Children's Kits

This range of themed beading kits have been designed especially for kids aged 5–12 years old. They do not require any tools to complete. Each kit contains materials to make 3 bracelets and 1 necklace with step-by-step instructions.

Teen/Adult Kits

The larger boxed kits are Inspiration kits full of handpicked beads and findings so the creator can make whatever they choose. There are basic instructions included, but some prior jewellery making knowledge, and tools, are required.

The smaller bracelet boxes make 6 beaded bracelets – 4 stretchy elastic, 1 friendship and 1 ribbon (festival style). These are themed by colour.

Beaded Flower Kits

A beautiful collection of beaded flower designs including larger kits to make a whole vase bouquet (this includes the vase, greenery and gravel weight filler), wreath (including the wicker wreath and greenery) and stunning household pot plants (including the pots and gravel weight filler).

All the kits contain high quality glass seed beads and non-tarnish wires. The smaller kits making individual flowers contain the materials and step by step instructions to make the flowers only (greenery and vases are not included in these).

Bead Embroidery Kits

From beginner stitchers to advanced embroiderers, our kits make great little gifts. Each one contains a bamboo hoop, fabric, beading needle, thread, top quality seed beads and full step-by-step instructions.
